- Discussed the winterizing of the pool. Clayton had message from Darren Klein that the pools have been winterized. He thinks that CP&S has put the blue pipe away for the winter. Have bids from Specialized Mechanical and someone to trench for the pipe in the Spring. Will have to ask Ms. Halstead prior to digging the trench for the pipe. Discussed putting the fill pipe in the shallow end of the pool. David Heath is not sure that we should compromise the integrity of the pool with a new fill hole. Will have to discuss further.
- No painting done this fall. Will have to try to paint the pool in the Spring.
- Have had two applicants for pool manager 2019. Will send applications/resumes to Misty and Brian this week and finalize an interview date. Discussed interviews the first week in December.
- Misty clarified the mowing bill. Will pay them for April May and June. They contracted out the mowing in July and August and they are still working on that.
- Jen knows someone who wants to bid on mowing for next year.
- David is getting bids for the parking lot. Could do half of the lot, or the whole lot.

Meeting adjourned approx. 7 pm.
